

Happy Easter

Holidays from Year

1

Here are some activities that you could do over the Easter Holidays..... (some of the activities are attached, you may need to download them at home)

- Read about the Easter story (powerpoint attached) or watch the Easter story on Youtube
 - Make an Easter bonnet
 - Design an Easter egg
- Write and post an Easter card to a friend or relative
- Write a diary about the things you have done in the Easter holidays
- Easter 'missing sounds' sheet (attached)
- Make an Easter basket using recyclable materials
- Complete the Easter activity booklet

- Plant a seed and watch it grow over the next few weeks. Create a diary and observe its growth by drawing pictures weekly
- Complete a flower hunt...what flowers can you see either in your garden or when you go for a walk. Take pictures of them
- Draw a spring picture
- Do some baking...spring nests are a good idea using melted chocolate and rice crispies
- Write an acrostic poem using the word 'SPRING'
- Read the hungry caterpillar story and think about the lifecycle of a caterpillar. Can you create a 3D art project to show this?
