

Hello Year 1,

For your homework over half term, we would like you to make a 3d castle fit for a Queen!

You can use resources around the house - boxes, lego bricks, kitchen roll tubes, cardboard, cups.

Here are some photos for inspiration for you (you could also look on the internet, pinterest, youtube)

We would like you to spend some time on this (planning, testing, making, painting) and if you want to make any extras (Queen Elizabeth II, dragons, horses, knights etc) the more the merrier!

We would like you to upload a photo of your work to the discussion board so your friends can also see your creations!

We can't wait to see them. Have a great half term. The Year 1 teachers miss you all lots and hope you are all staying safe. Mrs Lawrence and Mrs Munro
